## FACILITIES

### Specialized Dental Care

Treatment will be rendered only by qualified specialist consultants

### Modern infrastructure

We offer digital imaging services, intra oral camera devices, computerized data keeping

### Highest levels of sterilization

The clinic is certified by the Committee for Dental Office Standards; a statutory body of the Indian Dental Association for the sterilization levels

## MISSION & VISION

To provide a high standard of quality dental services through a team of efficient dedicated specialist consultants with emphasis on integrity, patient focus and team work.

And to be leaders in providing this quality dental care through a network of dental centres

## MEDICAL TOURISM

With the spiraling cost of dental treatment in the west and lack of cover for aesthetic procedures, India with its state of the art dental services and concentration of the same in the private sector, has emerged as a favorable destination for 'Dental Tourism'.

India has long been a favorite amongst travelers, who come here to explore its rich culture. With the availability of world class facilities and continual improvements in the dental field, one can be assured of availing quality dental care at competitive and reasonable prices here. What's more, even a cosmetic dental job or single or multiple Implants, at a state of the art dental practice won't indent your finances and will leave you enough to relax and enjoy the sights that the country has to offer!

Benefits of undergoing dental treatment in India:

- Cost : Most procedures cost significantly lesser compared to that in the west
- Procedures carried out effectively in the least possible time,
- Skillful rendering of treatment and use of latest in materials.

At Gum Care, we offer you:

- The latest dental services,
- Impeccable professionalism and comfort during treatment,
- Quick, speedy solutions to your dental woes.
- Personalized professional care
- Impeccable sterilization protocol
- Quality dental treatments

With an ISO 9001:2008 certification, Digital X Rays to minimize radiation exposure, intra oral cameras and the newest sterilization procedures, you know you are getting the best!

We also have a team of committed and dedicated specialists for you, should your case require.

Our range of services include:

- Teeth Whitening (in One Hour)
- Tooth Stud-Diamond (Dental Jewellery)
- Crowns and Bridges

## WHAT OUR PATIENTS SAY...

I had 6 teeth crowned by you on the upper jaw and I must admit that you have done a wonderful job in repairing my teeth. I am very satisfied with your personal attention and must say that you are indeed a professional at work. I would like to return to India in November 2007 and get a similar work done on my lower jaw as well.

M.J. Mawji  
Tropical Diving And Water Sports, Africa  
July 10, 2007

---

It is with great pleasure that I write this recommendation for you and your clinic. Though my dental visits could be seen as the “worst” visits I could have ever had, i.e. four wisdom teeth extracted, two molars removed, two implants inserted they were far from it, they were the best visits I have ever had. I have visited numerous dentists in New York City and I have to say that you are certainly one of the best. I did not intend to get my dental work done during my stay in India, but I felt so comfortable and at peace when I spoke with you that I eagerly decided to get as much work done as possible here at your clinic. Thank you so much for all you've done! I'm glad I was introduced to you and your clinic you all are truly fabulous.

Carolina Chang  
New York City, USA  
January 21, 2009

---

I was extremely impressed with a very well equipped clinic and state of the art medical equipment. The treatment itself to my surprise was quite painless. I am thankful to you for your kind approach and your caring attitude which played an extremely important role in the calming me down at a time when I was rather nervous. Your diagnosis of the problem was first shot. This is something which could not be diagnosed by any of your colleagues in your profession whom I had visited before, and as a result of which I have been suffering since the last six months.

Judah Samuel  
General Manager, EL AL Israel Airlines, India  
June 25, 2009

---

I am utterly grateful for the hospitality, politeness and most of all, the professionalism of you and your staff and for this. I must say, the treatment was so painless that your staff asked me (jokingly of course) whether I was still alive, as I was completely motionless!

Ali A. Nathani  
Dubai, U.A.E.

With great assurance I can unequivocally say that from my first visit to Dr. Richard's dental clinic, I was absolutely impressed by his dedication to detail, his passion for his profession, and his seemingly effortless strive to achieve the greatest result possible. I can say without hesitation that he is the best dentist that I have ever had the pleasure of being treated by. Dr. Richard Pereira and his staff are the best! I have nothing but the highest regards for their services, and especially Dr. Richard's ability as a dentist. He is one of the few that can “do it all” right in his office without referring patients out to other “specialists”. You have loads of knowledge and experience and do your work with great acumen and patience. Above all you are an excellent human being.

Ivan Rasquinha  
Auckland, New Zealand  
March 24, 2009

I was relieved when my insurance company in Slovenia was able to arrange for an emergency visit to Dr. Pereira's clinic, even though it was Sunday and most clinics were closed. Dr. Pereira showed up especially to see me despite his day off and I took great comfort in knowing that my condition, still a mystery at the time, was afforded such immediate attention. I have visited dentists in the U.S. and several European countries, but the service I received over the next two sessions at Dr. Pereira's clinic was the best so far, by a mile. First, a careful diagnostic process, where more easily treatable causes for my pain were considered in order to avoid an unnecessarily invasive procedure. The actual procedures were surprisingly painless and, it turns out, very effective. It's been a few weeks since my visit, and my tooth feels great. Throughout, Dr. Pereira and his entire staff were terrifically friendly and accommodating. I would highly recommend anyone in the Mumbai area to give this clinic a try. Foreigners, considering procedures that are expensive in their home countries may find it worthwhile to travel to India instead and get quality service at much, much better prices at a clinic like Dr. Pereira's. All in all, two thumbs up.

Uros Zver  
Diplomat, Govt. of Slovenia  
March 30, 2009

It is with great pleasure that I recommend you, Dr. Richard Pereira, as a dentist whose practice and professionalism is beyond reproach in every aspect. Not only did I receive 'State of the Art' care by Dr. Richard but was attended to by personal phone calls after every visit to ensure that I had not encountered any problems after treatment by him. Being an American citizen, my experience at his clinic reinforces my opinion that the American Dental Association would benefit from following his example.

Phyllis J. Clark  
American Consulate, Mumbai, India  
June 21, 2007

My wife Kelly and I visited your clinic for dental treatment. You performed extractions for my wife and me. The entire process was a painless and wonderful one. I strongly recommend Dr. Richard to anyone who needs dental assistance.

Elia Bresci  
Station Manager, Alitalia Airlines  
June 23, 2007

I would like to take this opportunity to thank you for the services you have rendered to my wife Mekdes Melkamu when she visited your clinic for dental treatment recently. We were very impressed with the state-of-the-art technology and the professional treatment that was done in an exemplary manner. My wife is very comfortable after the treatment and we feel glad that we chose you as our dentist while in Mumbai.

Fitsum Abady  
Ethiopian Airlines, Regional Director India & S.E. Asia
